1. Natural Bitumen (Gilsonite)

Kardoost Company is one of the big extractor, manufacturer and exporter of Gilsonite in IRAN. We have been primary exporter of Gilsonite in 2015.

Gilsonite Usages:

Gilsonite has several usages in various industries such as Drilling Fluid Loss Control, Oil Sector, Asphalt and Road Paving Sector, Inks and Paints Sector, and etc

Kardoost Herbal and medicinal plants

Since our founding, we have been one of the big supplier of **Herbal and medicinal plant** in Iran.

Kardoost Licorice

We are one of the big exporter of Licorice in IRAN. After many years' experience in Licorice, we have the ability of producing all kind of Licorice.

Licorice grades:

We can supply Licorice cutted root, Extrac Powder, Block, and Liquid.

licorice root will be cutted to different size and shapes named **licorice cutted root**.

Licorice Powder is concentrated and purified extract of the licorice root.

Liquorice extract is the spray dried extract of the roots.

Licorice usage: Generally it had usage in **tobacco, medicine, and food, candies**

Licorice extract for tobacco applications has been used in smoking and smokeless tobacco applications for over 100 years. Licorice flavor is found in a wide variety of Licorice candies or sweets. It has been proposed as being useful for liver protection in tuberculosis therapy, however evidence does not support this use which may in fact be harmful.

Kardoost Coriander:

We supply coriander seed and powder. Whole, split, combine

Kardoost cumin:

We supply both cumin and caraway. Super and split cumin
