Archida's stucco

Production of prefabricated plastering tools with reasonable price and variety in designs and sizes

Archida's stucco is a high-quality, durable, and easy-to-use material for plastering and finishing work. It is available in various colors and textures to match your design requirements. Archida's stucco is also resistant to moisture, mold, and mildew, making it ideal for use in bathrooms, kitchens, and other areas prone to moisture. Archida's stucco is also easy to clean and maintain, ensuring a long-lasting finish.
