SOROUGH SALAMAT NIKAN
FISHERY PRODUCTS CO.

IRANIAN SEA CATCH, FARMED SHRIMP AND FISH ARE PROCESSED AND SEMI BOILED BY SHARIN

Soroush Salamat Nikan Fishery Products Co. (SHARIN) was established in 2016 for processing vannamei shrimp and rainbow trout in Nazarabad (Iran), the shareholders are from private sector with more than 40 years of background in seafood industry.

SHARIN factory is equipped with the fully automated production line and thanks to our high-tech production system we offer the highest quality processed seafood.

SHARIN as a leader in fishery products industry in Iran uses IQF (Individual Quick Freezing) technology to save shrimp nutrition facts and texture.

We are proud of being the Greatest Exporter of Semi Boiled Shrimps in our country.

Fully Automated Shrimp Semi Boiling and IQF (Individual Quick Freezing) Line

Frozen Semi Boiled Head On Shell On (Vannamei Shrimp)

The high quality of our products is mainly due to the development of a technology known as the individually quick freezing (IQF) method that is used in SHARIN factory.

Through our fully automated European shrimp semi boiling line, SHARIN offers outstanding quality and nutritive values.

Regarding our consumer's demand, our semi boiled and blanched shrimps are packaged in 500 gr bags up to 6 kg boxes for exporting purpose.
